

Zied Cherif | Junior Full Stack Developer

☎ +216 28 785 449 • ✉ ziedcherif5295@gmail.com • in zied-cherif-9ab459409
Date of Birth: 08 Jul 2001

🎓 Education

Preparatory Institute for Engineering Studies of Sfax (IPEIS)

Preparatory Cycle in Mathematics & Physics

Tunisia, Sfax

Sep 2020–Jun 2022

National Engineering School of Sfax (ENIS)

Engineering Degree in Software Engineering specializing in Embedded Systems & Industrial Computing

Tunisia, Sfax

Sep 2022–Jun 2025

Focused on Software Development, Web Technologies, Databases, APIs, Embedded Systems, and Software Engineering Principles.

💼 Professional Experience

KPIT Engineering

Automotive ECU Test and Validation Engineer

Tunisia, Tunis

Feb 2025–Present

- Developed and maintained automation scripts using Python and Git-based workflows.
- Collaborated within Agile teams to manage tasks, defects, and validation activities using Jira.
- Participated in debugging, issue tracking, and technical analysis for embedded software systems.

Hydatis

Embedded Systems Intern

Tunisia, Tunis

Jul 2024–Aug 2024

- Developed an IoT-based dashboard for real-time monitoring and visualization.
- Integrated backend data acquisition with frontend visualization components.
- Worked with APIs and sensor data processing for live system monitoring.

🔗 Selected Projects

Full Stack Web Application:

- Developed a full stack web application using Angular and Spring Boot.
- Implemented RESTful APIs, authentication, and database integration with PostgreSQL.
- Used Git and Docker for version control and containerized deployment.

Real-Time Monitoring Dashboard:

- Designed a responsive dashboard for real-time data visualization.
- Built frontend interfaces using HTML, CSS, JavaScript, and Angular.
- Developed backend services for data processing and communication.

Microservices Learning Project:

- Built modular backend services using Spring Boot and REST APIs.
- Explored Docker Compose and service communication concepts.

⚙️ Technical Skills

Backend Development: Java, Spring Boot, REST APIs, WebSocket, Microservices

Frontend Development: Angular, HTML, CSS, JavaScript

Databases: PostgreSQL, SQL

DevOps & Tools: Docker, Docker Compose, Git, GitHub, GitLab, Jenkins

Programming: Java, Python, C, Bash

Methodologies: Agile, Scrum, CI/CD Basics, Problem Solving

Testing & Debugging: API Testing, Debugging, Test Automation, Jira

🗣️ Languages

English (Professional) ◊ Arabic (Native) ◊ French (Fluent)

❤️ Activities & Interests

Interested in sports like f1 tennis and football with a weekly practice.
